

## ARTIST IN RESIDENCE @ FOUNDATION OBRAS MAY 2022

Evoramonte Portugal, 5 January 2023  
To whom it may concern,

In May 2022, Ine Lammers took an artistic residency at Foundation OBRAS in Portugal.

Foundation OBRAS selects professional artists, using a high artistic level, regular presentations in renown venues and professional approach as key criteria. Innovation, societal and environmental vision, and international orientation are other important selection criteria. Ine Lammers fitted perfectly in this profile.

Ine Lammers took time to find objects that communicate well with her work. She found objects in nature, on the farmers market and in the marble quarries. The seed pods of *Brachychiton Poluneus*, a tree in a residential area near to the residency, became the dominant object. In her installations and drawings.

As part of her artist talk for her fellow artists and some art lovers, she made a beautiful exhibition. Besides that, she showed to be a very good speaker.

Ine Lammers is an interesting artist, making high quality art. She is a gentle kind person, communicating well with other residents. Based on our experience with her we gladly recommend her for support of her artistic development and art activities.

Do not hesitate to contact us in case you need more information.
